

WORLD PEACE HOLOGRAM Session for TORONTO JULY 25th 2018

With Carolyn Winter, Holographic Coaching
Using the Resonance Repatterning system of healing

Today's session is focused on healing for the city of Toronto, particularly the neighborhood known as 'The Danforth' suffering from the recent tragic shooting event of July 22, 2018. No matter where we are in the world, or our personal focus, our resonance with the life affirming statements and non-resonance with the negative helps to heal this local situation. At the same time, we experience healing of patterns that this situation mirrors in our own lives. – Carolyn Winter

RELATIONSHIP INTENTION REPATTERNING.
